Approximately 60 students at Murrieta Elementary School from a variety of backgrounds currently participate in the group, which is in its third year. The club was initiated in 2016, with the hopes of building connection with the community and expressing appreciation for diverse cultures.

Faithful supporters, such as Mary Frances Flores, have donated hundreds of hours sewing the dresses, and Murrieta Elementary School has paid for the materials. The Rayitos Del Sol have performed over a dozen times, with increasingly more performance requests each year.
